E R !

This year made a great end to my four years of basketball cheer. Each member not only contributed skills to improve our cheering, but also their personalities to make it fun. We had a great time and made many memories.

- Brianna Youngstrom

This year was a lot of fun. We had new girls and we all gained a little from what we did this year. I'm looking forward to next year's season with the girls who come back and to having as much fun as we did this year.

- Miranda Chrisman

The football cheerleaders had an amazing season this year. We were able to accomplish a lot and all became very close. I will never forget the memories we made or the good times we had.

- Jennifer Kvigne

Fear Factory

Annie and her friends own and operate The Fear Factory and offer their services to frighten people into going to the doctor, turning down their loud music, or getting over their hiccups. However, Annie is now the one who is frightened. The lawyer whose office is next door to The Fear Factory is trying to close it down, and the landlady is talking about selling the building. Two couples, a love-struck bus driver, an IRS auditor, and a gangster add to the frightening mess. Annie accepts a loan from the gangster to pay off the landlady. Percy pays off Annie's loans to the gangster and gives her 48 hours to repay him or risk losing her business.
